WELCOME

Our Eventide Home operates under the oversight of the Netherlands Reformed Congregation of Lethbridge. The board of Eventide is chosen by the members, and is involved in the daily operations of the Home.

Eventide Home is governed by its Mission, Vision, and Values, but more importantly, by God's word. The reformed principles will be our guide in the care and compassion shown to our residents and staff.

It is our goal to have a home that will emulate an atmosphere to which our residents are accustomed to. Our purpose is to help with the daily needs of our seniors as they grow older and frailer. It is our desire, as much as possible, to provide care to end of life.

MISSION

The mission of Eventide Home is to provide quality assisted living and health care to the elderly and/or those at risk in our church communities in a reformed Christian environment, governed by the Word of God.
